RESIDENCE FOR MEN STUDENTS ATTENDING UNIVERSITY

Admission & Fees

Academic Year 2011-12

1. A student seeking accommodation should complete an application form and return it to the Ely, together with a character reference.
2. Students are required to attend an interview before being offered a place in the residence.
3. Accommodation is reserved upon payment of a €300 deposit which will be returned, less any dues, at the end of the year. If a student is not offered a place in university, the deposit will be refunded. However, in the case where a student, having taken up residence, wishes to leave before the end of the third term, the deposit will not be refundable since accommodation is offered and accepted for the full academic year or the duration of the course attended by the student.
4. The fee is a full board, seven-day fee which includes breakfast, lunch, dinner and supper. Lunches from Monday to Friday are an extra cost. The fee also covers the cost of blankets, bed linen, towels, weekly laundry service and central heating.
5. The fee, calculated assuming a 27-week academic year, amounts to € 5,130 (equivalent to €190 per week). It is payable in three instalments, i.e. €1,710 at the beginning of each term. Payment for weekday lunches (€4 per lunch) may be made at the end of the term.
6. Students staying for longer than 27 weeks will be charged at a rate of €190 per week.
7. Students are admitted for one academic year at a time, but applications for further periods are readily considered. Applications from students who are already in university doing undergraduate or postgraduate work are particularly welcome.
8. The residence will open for the first term of the academic year (Michaelmas term) in September 2011. Students who have been allocated a place should ring or write to indicate when it would suit them to take up residence.
9. The student residence closes from 24 December until 2 January each year.
